The Building Blocks Portal

VWR Building Blocks Portal
POWERED BY eMOLECULES

Search, Source, and Order Compounds Quickly

Accelerate your discovery by **reducing** your search time and **streamlining** procurement process complexities with the **VWR Building Blocks Portal, powered by eMolecules.**

VWR's product and service solutions plus eMolecule's data and chemical sourcing expertise combine to deliver a streamlined search, source and order process for chemical building blocks so you can focus on your discovery.

- Access 650 000 compounds through www.vwr.com
- Sub-structure, similarity or exact search; or use an SD file, SMILES, chemical name, CAS number, MCFD number etc.
- Real time price and availability
- Rely on our expertise in DOT and DEA compliance
- Rigorous supplier validation for quality compounds and quick turnaround deliveries
- Click below to access this powerful search engine tool and add your requirements to your VWR shopping basket for all your lab supplies.

The VWR and eMolecules support team and online tracking system works in harmony to ensure that your order arrives on time and to your specifications.

Did You Know

Atom-List and Any-Bond Searches

new! 

Use the 'L' (List) tool to convert an atom into an atom-list. Then click on the atom-label tool (select an element) and click the atom-list to add that element to the atom's list. You can repeat this to add several elements (e.g. [Cl, Br, I]) to an atom list.

You can use the "any bond" tool '-*--' to specify that a bond can be single, double or triple.

[Learn more...](#) [next hint...](#)

Étape 3

- Un message apparaît pour vous dire que votre recherche est en cours

Search ... please wait ...

Search is in progress ...

Elapsed Time: Done. Redirecting to view results...

The eMolecules search engine contains millions of chemicals. Most searches are almost instantaneous, but searches for very general structures can take a while.

For quicker searches, try making your structure or search phrase more specific.

[Cancel this Search](#)

Étape 4

- Afficher les résultats sous forme de liste.
- Sélectionner votre composant et cliquer sur “ Add to Shopping Cart”
